

## Peer Review Activity/Group Meeting Notes (Week 9)

What works well:

- Clear histogram plots at end of tests

What could be improved:

- Memory test: Decrease time (takes more than 5 minutes), add white background to images so that black objects can be seen for users in night mode.

What is missing relative to the requirements for a 2:1 grade:

- Conclusion ✓

What could the group focus on in order to increase their grade:

- Buttons ✓ (Memory test)

Who is present: all members.

A plan of action for the following week:

- Continue working on our respective sections in the report.

## Peer Review Activity/Group Meeting Notes (Week 10)

Group being reviewed: 6

What works well:

- Clear graphs
- Referencing

What could be improved:

- Add images to report ✓
- Dot plot revised ✓
- Add hypothesis to introduction ✓

What is missing relative to the requirements for a 2:1 grade:

- Dot plot ✓
- Conclusion ✓

What could the group focus on in order to increase their grade:

- User interface
- Significant extension to the study
- Buttons ✓ (Memory test)

Who is present: all members.

A plan of action for the following week:

- Continue working on our respective sections in the report.
- Possibly add a user interface for our tests.
